

CRITICAL ALERTS

4/10/18

1. Kcentra shortage – Critical Alert

Once Kcentra is out of stock, we will be substituting **Profilnine (3-factor PCC)**.

PRINTED ORDER SET for PROFILNINE will be available.

Coumadin (warfarin) Reversal:

INR < 2: **Profilnine** 20 units/kg

INR 2-4: **Profilnine** 30 units/kg

INR > 4: **Profilnine** 50 units/kg

+

Vitamin K (phytonadione) 10 mg IVPB

+/-

Consider Fresh Frozen Plasma 2 units in addition to Profilnine or if INR > 1.4 within the first 24 hours.

Eliquis (apixaban), Xarelto (rivaroxaban) and Savaysa (edoxaban) Reversal:

Dose: Profilnine 50 units/kg

+

Fresh Frozen Plasma (FFP) - 2 units in addition to Profilnine in patients with continued bleeding.

+

Give Activated Charcoal within

- 8 hrs of last Xarelto dose
- 6 hrs of last Eliquis dose
- 2 hrs of last Savaysa dose

Remember Pradaxa (dabigatran) has its own reversal agent- Praxbind (idarucizumab).

1. IV Avelox – out of stock, therapeutically interchanging to IV Levaquin

2. Diltiazem IV – minimal stock

- Cath lab - will switch to Verapamil IV, other alternatives IV NTG
- A-fib – suggest IV Metoprolol, IV esmolol, or amiodarone

3. Narcotics – PO pain meds first!!

Continuous infusions:

- Fentanyl premix drips are not available, call 2 hours in advance.

IV Push Narcotics:

- Both Dilaudid and Morphine are in short supply, reserve for patient unable to use oral pain medications.

PCAs

- Morphine PCAs available but limited. No Dilaudid PCAs at this time.

4. Dopamine and dobutamine vials and premix

5. Sterile Water 1000 ml bags (used to make 1/4NS, D2.5%W, some Sodium bicarb drips)

- Use D5W instead
- D2.5%W – not available, use D5W
- Sodium bicarb drips will need to be mixed in D5W or 1/2NS (up to 75mEq Na bicarb)
- Reconstituted S.W. flip top vials need to be reserved for meds incompatible with NS dilution. Working on chart for nursing.

6. Spinal Marcaine –

- Removed from anesthesia trays.
- Once supply depleted, Sencoraine MPF spinal will be substituted.

7. Lidocaine 1% and 2% - short supply.

Watching closely:

8. Pepcid IV – short supply

9. Reglan IV – short supply

It's Back! For now.

Calcium Gluconate IV
